High-Performance automotive parts manufacturer seeking an experienced TIG Welder and Fabricator with a good work ethic and appreciation for quality work. Some automotive knowledge is desired.

We are a group of people who enjoy and appreciate quality fabrication of high-performance parts. We share a thirst for knowledge and a desire to constantly improve our skills. You must pay excellent attention to detail and have welding/fabricating experience.

You must be able to produce TIG welds on stainless steel, mild steel and aluminum that are aesthetically pleasing and structurally sound. You should use and learn to use metal-working tools including grinders, saws, sanders, press brake, drills, tap and dies. You must be able to self-access work and use good judgment to ensure that a quality product is produced.

This is a full-time position with opportunities for some overtime. We offer a competitive salary based on experience and certifications obtained, paid vacation and holiday, uniforms and a medical package is available.
